Warranty and Extended Coverage Information

RAVEN Rod Lifetime Extended Coverage and Warranty

Raven Lifetime Coverage - We will repair any Raven rod (IM6, IM8, RV9 and RPX) that is broken, for any reason, for the lifetime of the original owner. The broken rod, in its entirety, and the original dated receipt must be returned postage paid to Anglers International Inc. for repair or replacement. A fee of \$35.00 will apply for any broken rod section replaced. A fee of \$65.00 will be charged if the entire rod is replaced. The fees for RPX rods are \$75 for a tip section and \$175 for a full rod replacement. Taxes and return shipping charges apply.

Raven 1 Year Warranty Against Manufacturing Defects - Raven rods are warranted against any manufacturing defect for one (1) year from the date of purchase. The broken rod, in its entirety, and the original dated receipt must be returned postage paid to Anglers International Inc. for repair or replacement. Please note if the receipt is not sent with the rod, the repair will be completed under the Raven Lifetime Coverage program. Any misuse, damage, modification or unauthorized repair automatically voids this warranty. Taxes and return shipping charges apply.

Anglers International Inc. reserves the right to modify this warranty/coverage program without notice.

MATRIX and HELIX Rod Extended 2 Year Coverage and Warranty

Matrix and Helix Extended 2 Year Coverage - We will repair any Matrix or Helix rod that is broken, for any reason, within the first two (2) years of ownership. The broken rod, in its entirety, and the original dated receipt must be returned postage paid to Anglers International Inc. for repair or replacement. A fee of \$35.00 will apply for any broken rod section replaced. A fee of \$65.00 will be charged if the entire rod is replaced. Taxes and return shipping charges apply.

Matrix and Helix 1 Year Warranty Against Manufacturing Defects - Matrix and Helix rods are warranted against any manufacturing defect for one (1) year from the date of purchase. The broken rod, in its entirety, and the original dated receipt must be returned postage paid to Anglers International Inc. for repair or replacement. If the receipt is not sent with the rod, the repair will be completed under the Matrix Extended 2 Year Coverage program. Any misuse, damage, modification or unauthorized repair automatically voids this warranty. Taxes and return shipping charges apply.

Anglers International Inc. reserves the right to modify this warranty/coverage program without notice.

RAVEN, MATRIX and HELIX Centerpin Reel Warranty

Raven 5 Year Warranty Against Manufacturing Defects - Raven reels are warranted against any manufacturing defect for five (5) years from the date of purchase. The reel, and the original dated receipt must be returned postage paid to Anglers International Inc. for repair. Any misuse, damage, modification or unauthorized repair automatically voids this warranty. Taxes and return shipping charges apply.

Matrix and Helix 1 Year Warranty Against Manufacturing Defects - Matrix reels are warranted against any manufacturing defect for one (1) year from the date of purchase. The reel, and the original dated receipt must be returned postage paid to Anglers International Inc. for repair. Any misuse, damage, modification or unauthorized repair automatically voids this warranty. Taxes and return shipping charges apply.

Anglers International Inc. reserves the right to modify this warranty/coverage program without notice.

Rod Return Instructions from the USA

- 1) Please send the rod insured for full replacement value and ensure a tracking number is provided by the USPS. Send your rod via United States Postal Service (do not use a courier service) to the following address:
Anglers International Inc.
PO Box 255
Otterville, Ontario N0J 1R0
CANADA
- 2) Make sure the rod is well packaged (with packing paper or bubble wrap) in a sturdy tube or box so the Post Office can't break it. The ends should be solid, not just tape.
- 3) Please include all rod sections, so we may ensure the replacement section has a perfect fit.
- 4) On the box, clearly mark: "FISHING ROD FOR REPAIR - NO VALUE FOR DUTY & TAX 9992/66".
- 5) USPS Customs Declaration & Dispatch Note (provided by the post office): In section (1), write 9507109010 fishing rod / 9992 / GST code 66 / FOR REPAIR. Check "Returned goods".
- 6) Return shipping is via Expedited Post, insured.
- 7) We accept payment by VISA, MasterCard, personal check or INTERNATIONAL money order.
- 8) Kindly include your receipt, daytime telephone number and complete return address with the rod so we can confirm receipt of the rod and the total amount for repair.

Reel Return Instructions from the USA

- 1) Please send the reel insured for full replacement value and ensure a tracking number is provided by the USPS. Send your reel via United States Postal Service (do not use a courier service) to the following address:
Anglers International Inc.
PO Box 255
Otterville, Ontario N0J 1R0
CANADA
- 2) On the box, clearly mark: "FISHING REEL FOR REPAIR - NO VALUE FOR DUTY & TAX 9992/66".
- 3) USPS Customs Declaration & Dispatch Note (provided by the post office): In section (1), write 950730.00.00 fishing reel / 9992 / GST code 66 / FOR REPAIR. Check "Returned goods".
- 4) Return shipping is via Expedited Post, insured. We accept payment by VISA, MasterCard, personal check or INTERNATIONAL money order.
- 5) Kindly include your receipt, daytime telephone number and complete return address so we can confirm receipt and the total amount for repair.

Rod Return Instructions from Canada

- 1) Please send the rod insured for full replacement value. Send your rod by courier service (FedEx Ground, UPS, Canpar) to the following address:
Anglers International Inc.
74 James Street
Otterville, Ontario N0J 1R0
CANADA
- 2) Make sure the rod is well packaged (with packing paper or bubble wrap) in a sturdy tube or box. The ends should be solid, not just tape.
- 3) Please include all rod sections, so we may ensure the replacement section has a perfect fit.
- 4) Return shipping is via FedEx Ground, insured.
- 5) We accept payment by VISA, MasterCard, personal check or money order.
- 6) Kindly include your receipt, daytime telephone number and complete return address with the rod so we can confirm receipt of the rod and the total amount for repair.

Reel Return Instructions from Canada

- 1) Please send the reel insured for full replacement value. Send your reel to the following address:
Anglers International Inc.
74 James Street
Otterville, Ontario N0J 1R0
CANADA
- 2) Return shipping is via FedEx Ground, insured.
- 3) We accept payment by VISA, MasterCard, personal check or money order.
- 4) Kindly include your receipt, daytime telephone number and complete return address so we can confirm receipt and the total amount for repair.

Raven Float Rods

RPX FLOAT RODS

Combining the most advanced NANO technology resins, REC Recoil™ and Titanium Frame SiC Guides, Raven's custom tapers, and top quality components to deliver the world's lightest, most responsive float rod ever. The handle features rubberized composite cork trim that not only looks great but also helps ensure a lifetime of solid use. The Raven RPX™ is the most technologically advanced float rod ever produced.

To help dominate the biggest rivers the RPX rods are now available in a unbelievably light and powerful 15' model. It is the absolutely best 15' rod ever conceived.

For the steelheaders who love traditional 2-piece rods, the 13' RPX is the ultimate answer. Amazingly light and sensitive, it is the new benchmark for the ultimate float rod.

11'6" RPX STEELHEADER ROD

The best all-purpose steelhead rod ever built. From bottom-bouncing to float fishing, it can do it all. Amazingly light and loaded with an unbelievable reserve of power, it is a truly incredible rod. The baitcasting model offers high performance spiral wrapped ringing, making it the ultimate big water rod. Once you try one, you'll never want to put it down.

Raven Float & Steelhead Rods

RAVEN IM6 Float Rods

Raven IM6 float rods have defined traditional float rod action for over a decade. They provide smooth action that cushions light leaders yet have plenty of reserve power when needed. The 11'6" Steelheader is ideal for both bottom bouncing and short to mid range float fishing, with loads of power to handle tough situations. To handle extreme temperatures, the 13'6" Winter Edition rod features REC RECoil™ guides on the tip section to reduce freeze-up. For the serious salmon 'pinner, the 12'6" IM6 Salmon rod has loads of power to wear down any salmon.

RVHATS-2

Raven Float Reels

RAVEN T-5

Colour: Dark Titanium
Hard Anodized Ultra Smooth Scratch Resistant Finish
Diameter: 4 3/4"
Weight: 7.5 oz
Aircraft grade aluminum
Exclusive High Tolerance Stainless Steel Bearing Housing
Integral low-profile reel foot
Adjustable tension screw
High strength stainless steel spindle
Twin Shielded High Precision ABEC 5 Bearings
Low Profile Cam-Action Ratchet Button
Fully Integrated Clicker System
Capacity: 325 yards 10lbs Line plus Backing
BONUS protective neoprene pouch

The extensively ported RAVEN® T-5 reels are designed to be the very best centrepins ever produced. Exceptionally light and amazingly solid, this reel is the ideal match for the RAVEN® RPX and RV9 float rods.

The T-series reels are the ultimate balance between strength and design. Starting from the exclusive bearing housing that is precision machined to ABEC 5 standards and features the same thermal expansion as the bearings to ensure the optimal performance from the dead of winter to the heat of the August sun. To ensure maximum dependability, the clicker system is machined directly into the backplate to eliminate extra moving parts. The high precision milling of the spool and backplate offers massive weight reduction, maximizes structural integrity and ensures optimal ergonomics to make it fit perfectly in hand. And finally, the deep penetrating Hard Anodized finish resists scratching to protect its beauty, while offering an amazingly smooth polished edge that allows for more "drag" control and reduced finger burn on screaming runs.

RVRT50

RAVEN T-4

Colour: Jet Black
Hard Anodized Ultra Smooth Scratch Resistant Finish
Diameter: 4 3/4"
Weight: 8.5 oz
Aircraft grade aluminum
Exclusive High Tolerance Stainless Steel Bearing Housing
Integral low-profile reel foot
Adjustable tension screw
High strength stainless steel spindle
Twin Shielded High Precision ABEC 5 Bearings
Low Profile Cam-Action Ratchet Button
Fully Integrated Clicker System
Capacity: 325 yards 10lbs Line plus Backing
BONUS protective neoprene pouch

The RAVEN® T-4 reel was designed to be one of the very best centrepins ever produced. Sharing all the same quality features and cutting-edge technology as the T-5 reels, the T-4 is slightly heavier making it the perfect match for longer rods and big water.

RVRT40

MATRIX Float Reels

MATRIX SE & FP

Diameter: 4 3/4"

Weight: 7.9 oz Fully Ported

8.3 oz Special Edition

Aircraft grade aluminum

Integral low-profile reel foot

Coin slot adjustable tension screw

High strength stainless steel spindle

Twin shielded bearings

On/Off ratchet

Capacity: 300 yards 8lb line, backing

Colour: Fully Ported - Polished Titanium

Special Edition - Polished Bronze

Limited Edition - Polished Black

The Matrix Special Edition offers the same ergonomic design and great value as the Matrix centerpin reel, but features extensive machining on the spool and a larger diameter. The lightweight design delivers faster start-up and even better performance. The Fully Ported version features a heavily ported back plate and spool for maximum weight reduction. Features an adjustable "coin slot" tension center screw.

MXRSEB

MXRFPT

MATRIX

Diameter: 4 3/8"

Weight: 8.2 oz

Aircraft grade aluminum

Integral low-profile reel foot

Coin slot adjustable tension screw

High strength stainless steel spindle

Twin shielded bearings

On/Off ratchet

Capacity: 200 yards 8lb line, backing

Colour: Polished Bronze, Polished Titanium, Jet Black

The Matrix is unquestionably the best value in centerpin reels. Designed with function in mind, it features a solid spool and backplate that prevent debris from entering the reel, and an ergonomic low-profile reel foot and backplate. Features an adjustable "coin slot" tension screw to make on-the-river adjustments a breeze.

MXRMBR - Bronze

MXRMTI - Titanium

MXRMBL - Black

Matrix and Helix Float Reels

MATRIX XL

Diameter: 5 1/8"
 Weight: 8.1 oz Fully Ported
 9.5 oz Special Edition
 Aircraft grade aluminum
 Integral low-profile reel foot
 Coin slot adjustable tension screw
 High-strength stainless steel spindle
 Twin shielded bearings
 On/Off ratchet
 Capacity: 275 yards 8lb line plus backing
 Colour: Fully Ported - Polished Titanium
 Special Edition - Polished Bronze
 Limited Edition - Polished Black

MXRXSE

MXRXFP

Sleek, ergonomic design in a large 5 1/8" diameter. The Matrix XL offers quicker line retrieve and balances perfectly with long rods - the ultimate complement for the Raven 15' float rods. As all Matrix reels, the Matrix XL is fitted with an adjustable "coin slot" tension screw for quick and easy on-the-river adjustments.

HELIX Float Reels

Diameter: 4 1/2"
 Weight: 8.11 oz
 Aircraft grade aluminum
 Integral low-profile reel foot
 Adjustable tension screw
 High strength stainless steel spindle
 Twin shielded bearings
 On/Off ratchet
 Capacity: 250 yards 10lb line and Backing
 Colours: Silver/Blue, Titanium/Blue, Gold/Blue,
 Orange/Blue, Gold/Black and
 Silver/Black

HXCPRS - Silver
HXCPRB - Titanium
HXCPRG - Gold

HXCPRP - Orange
HXCPRG-B - Gold/Black
HXCPRS-B - Silver/Black

The HELIX is the ultimate value in centerpin reels. Features a solid backplate and ergonomic ported spool. The stylish design and great performance makes it the best choice for new steelheaders.

Raven Reel Cases & Line

RAVEN Neoprene Reel Cases

Our custom designed neoprene reel cases fit Raven centerpin reels, both on and off the rod. The new XL reel case is ideal for 5"+ centerpins.

RVRCAS-B

RVRCAS-XL

RAVEN INVISIBLE Fluorocarbon

Raven leader line is made of 100% fluorocarbon material, making it virtually invisible. This supple line has low memory, excellent breaking strength and very good abrasion resistance. High density RAVEN INVISIBLE fluorocarbon sinks faster than nylon lines, allowing the bait to run naturally along the bottom. 30m (33yd) spool.

RAVEN Sickle Hook

The ultimate power hook. The special bend locks in on the hook set and makes it almost impossible to shake free. The perfect hook when targeting big Salmon and monster Steelhead.

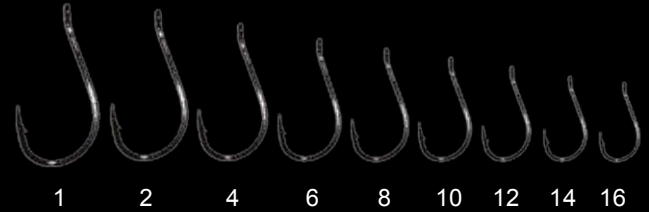

Black-Nickel Finish, Forged, Extra Strong Carbon 110 Steel, 45° Up-Turned Eye, Bent Shank, Special Gape, 6° Reversed Offset, Micro-Barb.

RAVEN Specialist

The perfect all-purpose hook. Considered the most dependable Steelhead hook on the market with its great hooking and holding power.

Black Nickel finish, forged, extra-strong carbon 110 steel, 20° up-turned eye, straight shank, wide gape, 6° reversed offset, micro-barb and chemically sharpened beak point.

RAVEN Wide Gape Specimen

This medium wire hook is ideal for roe bags and trout worms. Its compact shape and superior hooking ability sets it to become the new standard for Steelhead hooks. Extremely reliable, very strong and hard holding.

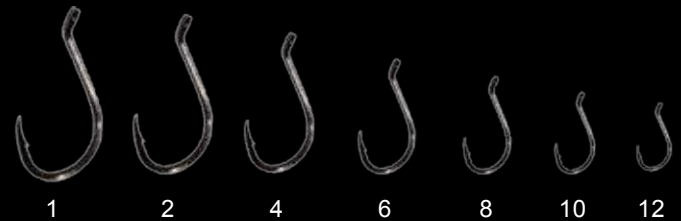

Black Nickel finish, forged, high-strength carbon 110 steel, straight eye, short shank, wide gape, 6° reversed offset, micro barb and chemically sharpened beak point.

RAVEN Octopus Strong

Tie on this powerhouse hook when you're after big Salmon and Steelhead. A great hook for horsing fish out of snaggy situations or strong currents. The up-turned eye makes it ideal for snelling or tying on glo-bug yarn.

Gunmetal Black finish, forged, extra-heavy carbon 80 steel, 45° up-turned eye, short shank, wide gape, 6° reversed offset, micro barb and chemically sharpened beak point.

RAVEN Sedge

This light wire hook works perfectly for roe bags and single eggs. Sedge hooks have been the standard for Steelheading for years. The best choice for fishing cold water Steelhead with finesse tactics.

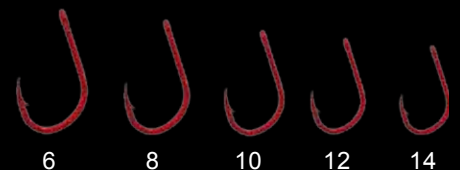

Bronze finish, forged, high-strength carbon 90 steel, 20° up-turned eye, swept shank, 6° offset, micro barb and chemically sharpened needle point.

RAVEN Wide Gape Specimen Red

The hot wide gape hook pattern in the ever popular red finish, ideal for single egg flies, roe bags and plastic worms. Deadly when you need a little extra flash to attract fish.

Red finish, forged, high-strength carbon 110 steel, straight eye, short shank, wide gape, 6° offset, micro barb and chemically sharpened beak point.

RAVEN Sedge Supreme Red

The popular sedge pattern hook in a fish-attracting red finish gives extra flash to roe bags, single eggs and pink plastic worms. The Sedge Supreme really gives you the edge in clear water.

Red finish, forged, high-strength carbon 90 steel, 20° up-turned eye, swept shank, 6° offset, micro barb and chemically sharpened needle point.

RAVEN Shrimp

This strong, compact hook is great for subtle presentations when using heavier line or today's more powerful float rods.

Bronze finish, forged, high-strength carbon 90 steel, 20° down-turned eye, continuous bend, 6° offset, micro barb and chemically sharpened needle point.

Raven Accessories

RAVEN Silicone Float Cap Tubing and TIP TOP Tubing

Our float cap tubing can be cut to the required length and attached to the top and the bottom of virtually any float. Use 3/32" on the top and 1/16" on the stem of Raven balsa floats. Tip Top Tubing is bright orange and designed to perfectly fit on Raven float tip top.

Available in 1/16" and 3/32" diameters.

12" lengths.

The complete guide to float fishing rivers and streams. Features lots of step-by-step instructions and easy to follow diagrams.

Great for both beginners and experienced anglers!

RVBOOK

RAVEN Premium Balsa Floats

The Raven float system was specifically developed for river Steelhead and Salmon fishing. A Raven float is now available for virtually any river condition and depth. Sporting a high-visibility Fluorescent Red tip and a subtle Matte Black body, these balsa floats feature a high-strength, one-piece fibreglass stem. Every fixed-stem float is designed to take 3/32" Raven Silicone Tubing on the top and 1/16" tubing on the stem, to allow anglers to change float size or model quickly as river conditions vary, without having to cut and re-tie.

Available in bulk and in convenient 2/packs (FD and FX 1/pack) with header card and barcode.

RVW350-R - Red

RVW350-H - Hot Pink

RVW350-B/W - Baby Pink/White

RVW350-W - White

RAVEN Spawn Net

Raven Spawn Net is conveniently pre-cut in 3" X 3" squares and ready for tying. The super soft netting material gently molds around roe to make a perfect spawn bag every time. Raven Spawn Net works great for virtually any soft baits including salmon roe, mussels, corn, shrimp, worms, paste and cheese. Available in 8 popular fish-catching colours.

Packaged in re-closable packs of 100 pieces.

RVSNWH - White

RVSNYL - Yellow

RVSNPK - Pink

RVSNCH - Chartreuse

RVSNRD - Red

RVSNBL - Blue

RVSNOR - Orange

RVSNPR - Purple

Drennan Floats

DRENNAN PIKER Float

Available in a large range of sizes, this heavy duty float is great for large, deep rivers. It can be fished as a fixed or slip float.

Available in bulk or packaged with header card and barcode.

DRPK10	6g
DRPK20	11g
DRPK30	20g
DRPK40	28g
DRPK50	40g

DRENNAN ZEPPLER Float

The stubby Zeppler is ideal for wide rivers and runs steady through rough rapids. It can be fished as a fixed or slip float.

Available in bulk or packaged with header card and barcode.

DRZP10	8g
DRZP20	11g
DRZP30	20g
DRZP40	24g
DRZP50	35g

DRENNAN AVON Float

The Avon is the traditional design for trotting floats. This very sensitive float is perfect for slow to medium flows.

Available in bulk or in convenient 2-packs with header card and bar code.

DRAV10	2.4g
DRAV20	3.2g
DRAV30	4.0g
DRAV40	5.6g

DRENNAN LOAFER Float

The extremely versatile Drennan Loafer is ideal for most water conditions. This crystal clear float is especially effective when fish are spooked.

Available in bulk and in convenient 2-packs with header card and barcode.

DRLF10	2.4g
DRLF20	3.6g
DRLF30	4.4g
DRLF40	6.4g
DRLF50	8.0g

DRENNAN BOBBER Float

The Bobber is one to reach for in riffles and shallow water or when using a small jig as bait. This clear float is ideal when a subtle presentation is necessary.

Available in bulk and in convenient 2-packs with header card and barcode.

DRBB10	1.2g
DRBB20	2.0g
DRBB30	3.2g
DRBB40	4.0g

DRENNAN FLUOROCARBON Leader

This super tough fluorocarbon leader line is virtually invisible under water and features unbelievable abrasion resistance and superior knot strength. It comes in a unique and convenient line dispensing 50m spool.

Available in 3, 4, 5, 6, 8, 10 and 12lb test.

DRENNAN Float Stops

These rubber float stops hold on tight and won't damage the line. One of the best stops available. Size Small is a perfect fit to hold TroutBeads® in place above the hook.

Small 4 - 8lb line
Medium 8 - 12lb line

15 float stops per packet.

DRFSSM

DRFSMD

DRENNAN Mixed Float Caps

Drennan silicone float caps are available in a convenient mix of sizes and colours ready for use on any float.

The larger sizes are the perfect fit for Drennan Loafer, Bobber and Avon floats.

DRFCAP

DRENNAN Silicone Tubing

Each packet contains 5 lengths of tubing in a mix of diameters. The tubing can be cut for use as float caps or for use on various rigs and tackle.

DRSTAS

Starlite Chemical Lights

STARLITE SL-1

For thicker tipped floats, such as the DRENNAN Loafers, Avons and Bobbers, the SL-1 Starlites are the perfect fit. Being brighter and longer lasting, they are great for fishing at long range or for longer night sessions.

4.5mm dia. x 37mm, 1 stick per bag + tubing

SL-1

STARLITE SL-5 Mini

The SL-5 Mini Starlites fit on top of the float, making nighttime float fishing just as effective as during the day. The packet includes a short section of tubing that matches perfectly to all RAVEN floats, and most other fixed stem floats. Great for pre-dawn or late evening sessions.

3.0mm dia. x 23mm, 2 sticks per bag + tubing

SL-5

STARLITE CLIPLIGHT

When bottom fishing at night, the Starlite CLIPLIGHTS are the ultimate solution. They clip directly to the rod tip, without any tape or fidgety attachments. Superb for pier fishing slip sinker rigs during the salmon and steelhead runs - no more missing hits in the dark!

For rod tips 2.4-2.9mm dia., 1 stick per bag

SLCLIP

Kamasan Hooks

KAMASAN B420 Sedges

The Sedge pattern has a special loop bend and is made of a light gauge, high carbon wire. This hook is ideal for roe bags and single eggs.

Available in sizes 8 - 16 in packs of 25 or in bulk boxes of 1000.

B420-08
B420-10
B420-12
B420-14
B420-16

KAMASAN B983 Specialist

The Wide Gape Specialist has a chemically sharpened curved needle point and whisker barb. The hook is made from a light gauge but incredibly strong high carbon wire.

Available in sizes 4 - 16.
10 hooks per packet.

TroutBeads®

Realistic TroutBeads® mimic the true size and buoyancy of single fish eggs, making them an ideal bait for trout. Available in 6mm, 8mm, 10mm, 12mm and 14mm, in a variety of fish-catching colours.

GlowBeadz™

The perfect solution for night fishing or dealing with dirty water. Available in 6mm, 8mm, 10mm, 12mm and 14mm.

TroutBeads™ and Accessories

These TroutBeads® are painted with realistic veining to help fool even the wariest trout. BloodDotEggs™ feature a natural looking blood dot on the sides of the eggs for a perfect salmon egg imitation. Available in 6mm, 8mm, 10mm, 12mm and 14mm, in a variety of great fish-catching colours. Mottled are available in 8mm and 10mm only.

TB Peggz™

The ideal products to hold the bead on the line slightly ahead of the hook. These soft rubber pegs secure the bead without any risk of damage. Pointed at both ends, each peg can effectively be used twice for most beads. 50 Peggz per pack.

TBPGWH - Trans. White
TBPGOR - Orange
TBPGPK - Pink
TBPGRD - Red

The BEAD PEG-IT™

The original rubber pegging system for beads. Secures the bead in place without damaging the line. Available in clear and red (to imitate a blood dot). 50 Pegs per pack.

TBPG15 Clear (15/pack)
TBPG15-R Red (15/pack)
TBPG50 Clear (50/pack)
TBPG50-R Red (50/pack)

SURE SHOT Lead Split Shot

Sure Shot premium lead split shot is soft and easy to pinch on the line. It is perfectly round to reduce line twist. Once positioned, the shot holds tight on the line without damage.

Available in 23g packets, 100g packs and in 1kg bulk bags.

Forceps

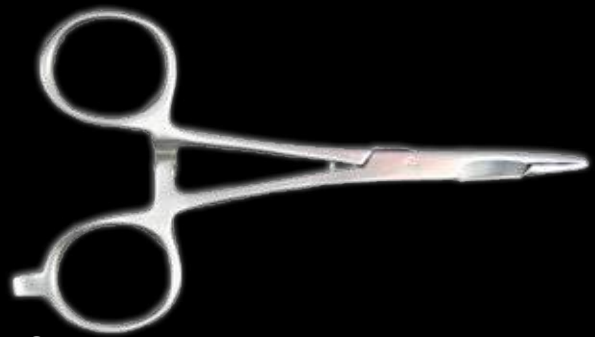

Use the brushed stainless steel 6" forceps for easy hook removal and pinching split shots in place. These forceps include locking clamps and a point for cleaning out hook-eyes.

AI60FC

Scissor Forceps

These stainless steel forceps are 5.5" in length and feature a serrated cutting edge and powerful locking clamps. The forceps include a point for cleaning out hook-eyes and a prying wedge for opening split shot.

AI55SF

Mitten Forceps

These 6.5" stainless steel forceps were designed for use in cold weather. Easy to use without removing your gloves. They feature a serrated cutting edge and powerful locking clamps.

AI65MF

JIGGY BUGGER Steelhead Jigs & Yarn Eggs

Jiggy Bugger Steelhead Jig

Quite possibly the ultimate steelhead jig. The Jiggy Bugger is designed to sit horizontally under the float while its soft marabou body undulates with the slightest movement to entice Steelhead and Salmon to strike.

Always ready for action, it is equally effective in fast or slow waters.

Available in bulk or in handy 2-packs with header card and barcode.

JBBLCK: BLACK

JBPNK: BABY PINK

JBWRN: BROWN

JBCHRT: CHARTREUSE

JBFPNK: FLUO. PINK

JBORGW: ORANGE / WHITE

JBPKPR: PINK/PURPLE

JBWHITE: WHITE

Jiggy Hex

This jig version of the hexagenia nymph is deadly when drifted along the bottom of sandy or mud pools. Its rubber legs make it irresistible to trout.

Available in bulk or in handy 2-packs with header card and barcode.

Brown.

JHBRWN

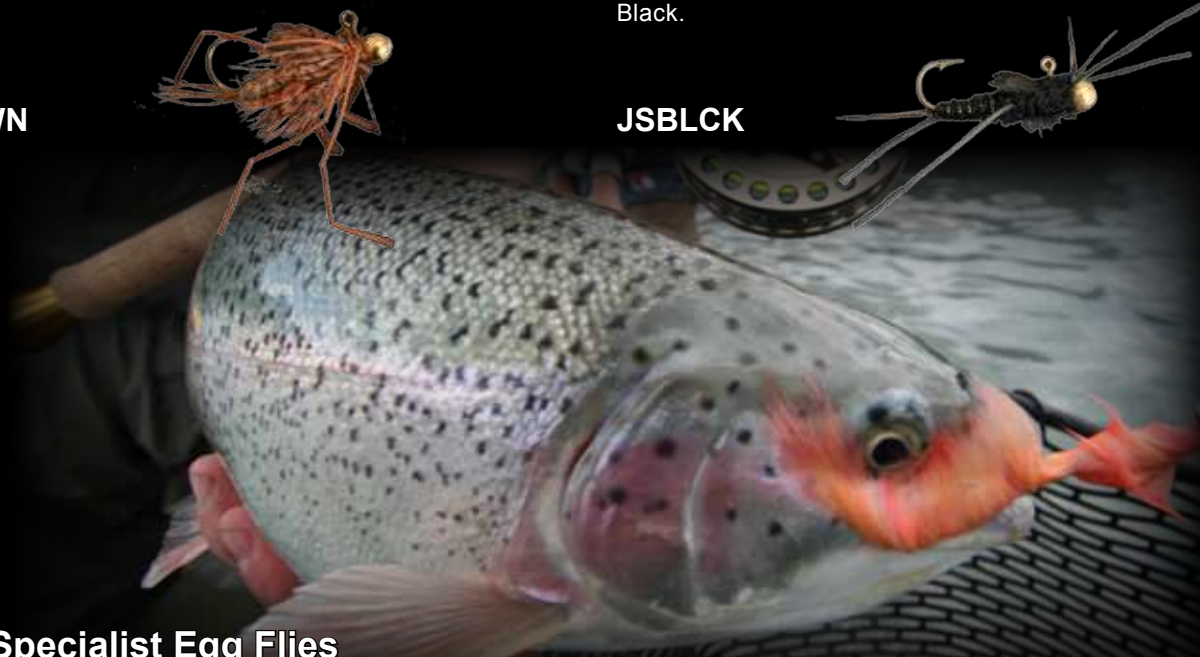

Jiggy Stone

The productive stone fly nymph is now improved as a jig with a more natural horizontal presentation under the float.

Available in bulk or in handy 2-packs with header card and barcode.

Black.

JSBLCK

Jay's Specialist Egg Flies

This simple pattern is especially deadly for Steelhead and Salmon. This fly is most productive when drifted along the bottom to imitate the movement of a natural egg. Expertly tied on a Raven Specialist hook. Available in 8 great fish catching colours and two sizes (No.8 or 14).

JEGG08/14-CD: CREAM DELIGHT

JEGG08/14-A: APRICOT

JEGG08/14-C: CHAMPAGNE

Premium Steelhead Flies

Bead-Head Woolly Bugger - FFBHWP

The bead-head acts as both an attractant and weight to drop the fly into the strike zone. It is most productive in faster water when run along the bottom.

Size 8

Black, White, Fluorescent Pink and Olive.

Woolly Bugger - FFBUG

This pattern catches more fish than any other. It can be dead drifted, twitched, suspended, stripped-in or bounced along the bottom with great success.

Size 8

Black, White, Fluorescent Pink and Olive.

Hot-Butt Woolly Worm - FFHBWW

A bright and highly visible pattern perfect for off-colour water or when trying to cover lots of water quickly. This pattern fishes best when run along the bottom.

Size 10

Chartreuse/Red, Chartreuse/Orange, and Chartreuse/Lime.

Egg-Sucking Leech - FFESCK

One of the truly deadly Steelhead flies. It is most effective when drifted along the bottom in runs and pools or suspended off the bottom.

Size 8

Black/Chartreuse, Black/Fluorescent Orange and Black/Blood Red.

Hellgrammite Nymph - FFHELG

An imitation of the common inhabitant of many Steelhead streams and rivers. It is most productive when slowly bounced along the bottom in rocky runs and pools.

Size 10 and 12

Black with a Red Throat.

Hexagenia Nymph - FFHEXA

Another nymph found in many Steelhead waters. This fly is best fished along the bottom of slow, sandy or mud bottom runs and pools.

Size 8

Hare's Ear, Brown, Yellow and Cream.

Wiggler - FFWIGL

This pattern is a deadly imitation of river and stream mayfly nymphs. The ideal fly for everything from fast runs to slow pools.

Size 10

Hot Pink, Chartreuse and Hare's Ear.

Stonefly Nymph - FFSTON

One of the primary nymphs in Steelhead water and a reliable pattern for anglers over many years. It is best fished along the bottom close to shore or suspended off the bottom of gravelly pools in a dead drift.

Size 10 and 12

Black.
